

Dutch visum for international startups

Are you interested in upscaling your startup to Europe? Then you might be eligible for a Dutch StartUp visa. A precondition is that your startup must be guided by an experienced facilitator. East Netherlands Development Agency (Oost NL) is an official facilitator for your visa application. East Netherlands is traditionally strong in four key industries: Food, Health, Tech and Energy and is welcoming international startups who want to make an impact within our key industries. East Netherlands has an excellent ecosystem for international startups.

To apply for a startup visa with the help of Oost NL you must meet the following conditions:

- > There's an active relationship between the StartUp and one or more stakeholders in the (East) Netherlands (fi. clients, technology partners or investors);
- > Your startup offers an innovative product or service;
- > The service or product is not yet available in the Netherlands;
- > Your startup strengthens one (or more) of the major ecosystems in East Netherlands:
 - Sustainable Food → Net Zero Food Production or Future Food
 - Accessible Healthcare → MedTech, BioTech or Digital Health
 - Smart Energy → Renewable Decentralized Energy Production, Energy Storage and Conversion or Smart Decentralized Energy Systems
 - Strong Industry & Technology → Chiptech, Smart and Sustainable Industry, Advanced Materials or Artificial Intelligence
- > You have or are working on a business plan for your operations in the Netherlands;
- > You have adequate financial resources to reside and live in the Netherlands for one year.

More information on the StartUp visa can be found here: [Start-up | IND](#)
